<sup>1</sup> Academic Department is the department where an investigator's salary line and academic appointment is held. The dollar amount listed here is derived directly from the percent credit identified by investigator(s) on the Proposal Transmittal Sheet.

<sup>2</sup> Persons with split academic appointments may attribute academic credit to more than one department. Check lists under all relevant departments and centers/institutes to see the credit inventory for a given investigator.

<sup>3</sup> If the percentage in the Credit Column is less than 100%, the identified faculty member may be a co-investigator, and is not necessarily the principal investigator.

<sup>4</sup> Negative numbers reflect budget reductions from previous years.

**This summary is determined by using the definitions of the Association of University Technology Managers (AUTM) Annual Licensing Survey.**

<sup>1</sup> Starting with AUTM 2005 Licensing Survey, “Applications Filed” was changed to mean only the first application for an invention. Prior to 2005 the AUTM Survey “Applications Filed” included continuation and divisional patent applications which are applications filed as derivatives of earlier patent applications.

<sup>2</sup> The definition of “Patents Issued” changed with the 2005 AUTM Survey in the same manner as described in footnote <sup>1</sup>.

<sup>3</sup> Ranked 24<sup>th</sup> among 150 U.S. public & private university respondents to the AUTM 2005 Licensing Survey.

<sup>4</sup> The 2007 AUTM Licensing Survey has not yet taken place.
