FY12 - TOTAL SPONSORED AWARDS BY PROJECT TYPE AND UNIT

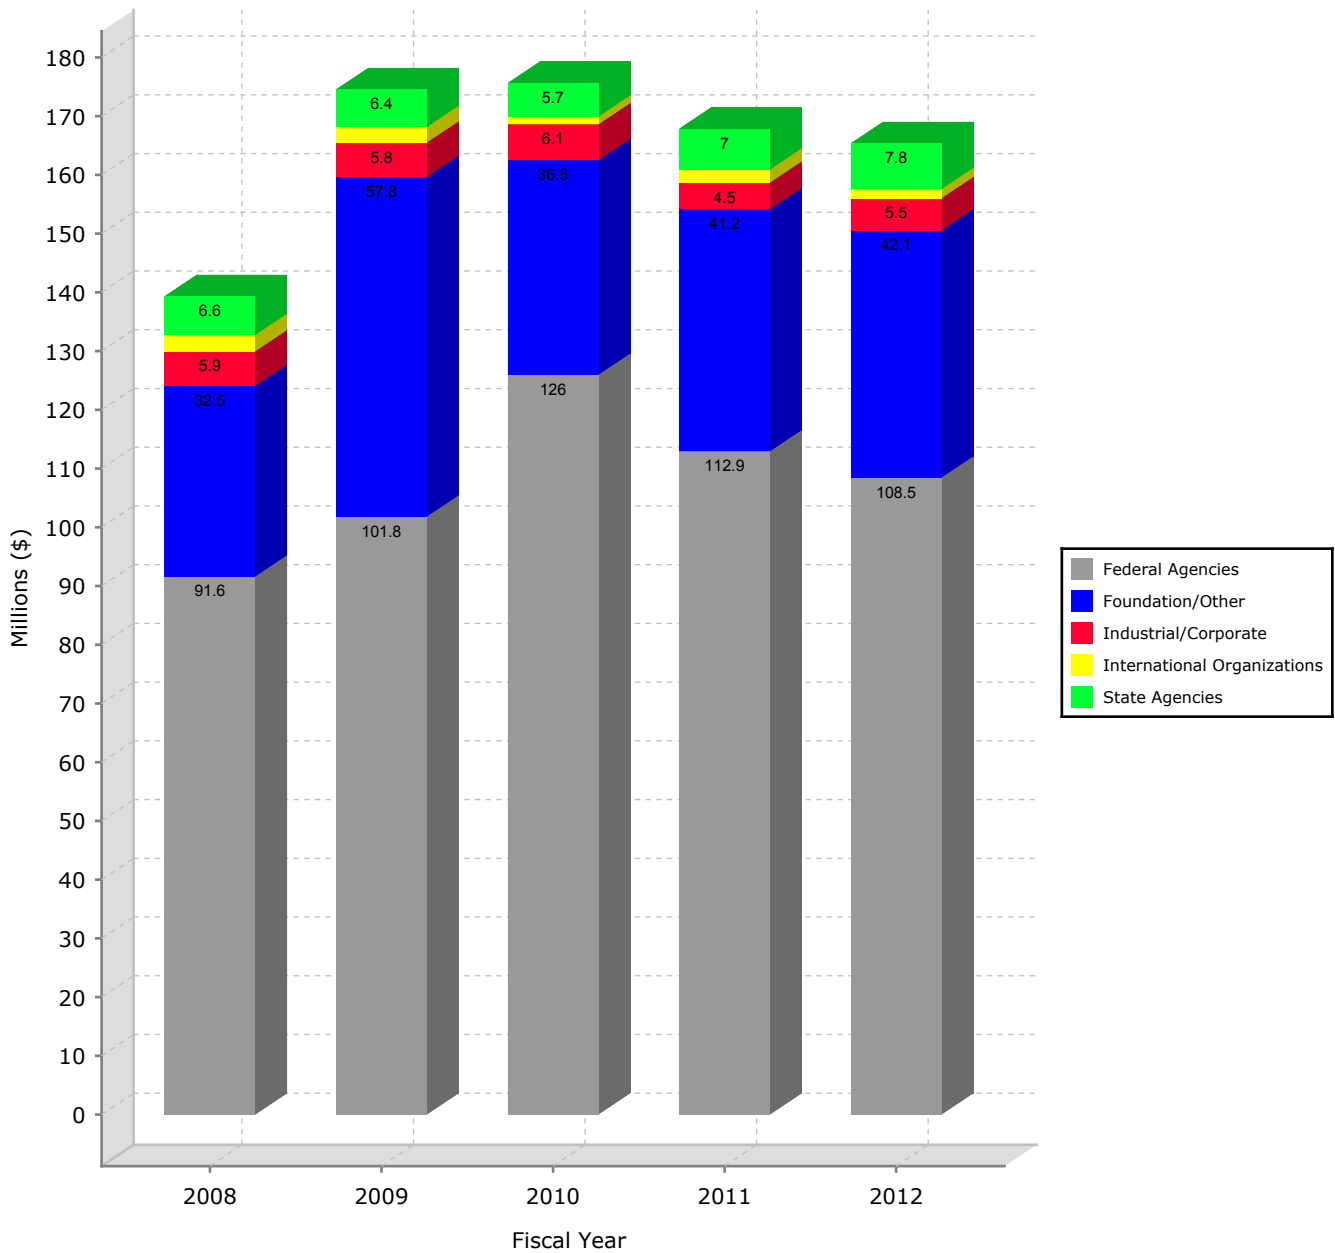

This table reflects all awards made to UGA and UGARF, and apportions them to reflect the Academic Credit contributed by PIs, co-PIs, and other senior project personnel. Each determines his/her individual intellectual contribution to the project, expressed as a percentage. This percentage is multiplied by the total dollar value of the award and this portion of an award is attributed to an identified unit (or units)---typically to the employee's academic department(s).

Grey rows identify units with total awards in excess of \$10 million.

FY12 - SPONSORED AWARDS BY UNITS

This table reflects all awards made to UGA and UGARF, and apportions them in two distinctly different ways:

"DOLLAR AMOUNT UNDER MANAGEMENT" figures reflect the full dollar value of each award managed by an identified unit.

"ACADEMIC UNIT" figures reflect the Academic Credit contributed by PIs, co-PIs, and other senior project personnel. Each determines his/her individual intellectual contribution to the project, expressed as a percentage. This percentage is multiplied by the total dollar value of the award and this portion of an award is attributed to an identified unit (or units)---typically to the employee's academic department(s).

Note: Effective 2/1/12, Centers and Institutes could no longer be provided Academic Credit. After this date Centers and Institutes could only receive Center/Institute Credit. Therefore, the Center and Institute entries below do not reflect the total activities of these unit types. Please see the Center and Institute Credit Report for this additional data.

FY12 TOTAL ACADEMIC AWARDS BY PROJECT TYPE, MAJOR UNIT AND DEPARTMENT

This table reflects all awards made to UGA and UGARF, and apportions them to reflect the Academic Credit contributed by PIs, co-PIs, and other senior project personnel. Each determines his/her individual intellectual contribution to the project, expressed as a percentage. This percentage is multiplied by the total dollar value of the award and this portion of an award is attributed to an identified unit (or units)--typically to the employee's academic department(s).

FY12 - CENTER AND INSTITUTE CREDIT

This table reflects all awards made to UGA and UGARF that are associated with official UGA Centers or Institutes, and apportions them in two distinctly different ways:

"CENTER/INSTITUTE CREDIT AMOUNT" figures reflect the Center and Institute credit attributed to each Center and Institute by project personnel. This percentage, which sums to 100% across all senior project personnel, is multiplied by the total dollar value of the award and this portion of an award is attributed to an identified centers and institutes.

"DOLLAR AMOUNT UNDER MANAGEMENT" figures reflect the full dollar value of each award managed by the identified center or institute.

Note: Effective 2/1/12, Centers and Institutes could no longer be provided Academic Credit. After this date Centers and Institutes could only receive Center/Institute Credit. Therefore, the Center and Institute entries below do not reflect the total activities of these unit types. Please see the Academic Credit Report for this additional data.
